DIRECTIONS FOR ORDERING.

ORDERS FOR SASH

should state the size of glass, number of Lights in Windows, thickness and whether glazed or unglazed. Standard sizes, which are carried in stock only, are listed in this catalogue, and it is economy and also facilitates prompt shipment to conform to these sizes as much as possible. An extra charge is made for odd sizes. If a single sash only is wanted to fill an opening this fact should be plainly stated.

ORDERS FOR DOORS

should state size, thickness, number of panels and quality. If moulded, say if one or both sides, and Flush or Raised Moulded.

ORDERS FOR FRAMES

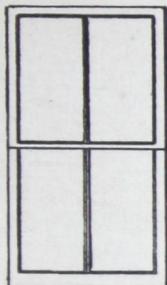

should state whether for wood or brick building, and also give width of Jambs. For Window Frames state kind of Cap, also with or without pulleys.

 **ALWAYS GIVE WIDTH FIRST**

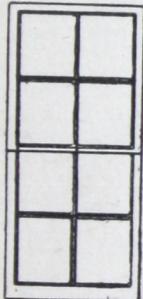

This applies to all Goods in our Line.

GENERAL PRICE LIST

All Mouldings are sold without regard to design on the following scale. For each inch in width not over $\frac{1}{8}$ inch thick, 100 feet in length.

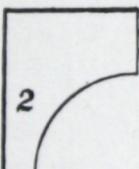

Clear Spruce.....	\$0.60	Oak, Plain.....	\$1.50
Pine.....	.80	Douglas Fir.....	.80
Oak, Quartered....	2.00	Cypress.....	1.00
Birch.....			1.00

Thus 100 feet of Moulding, $\frac{3}{4} \times 5$, would sell at \$3.00 in Spruce; \$4.00 in B. C. Fir; \$4.00 in Pine, etc. This scale applies to Mouldings more than $1\frac{1}{2}$ inch in width, as Mouldings under this width increase in price from 20% up. For cutting mouldings to specified lengths an additional 12% is charged.

The following are some of the principal mouldings carried in stock in their most common sizes:

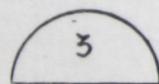

Quarter Round, $\frac{3}{4} \times \frac{3}{4}$.

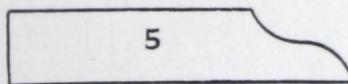

Scotia, $\frac{3}{4} \times \frac{7}{8}$.

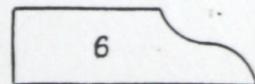

Half Round, $1\frac{1}{4}$.

No other wallboard can be protected the "Sealtite" way—that makes it doubly important for you to see that the Beaver Board Trade-mark is on the back of the board you buy.

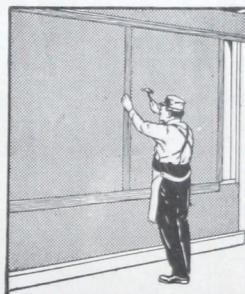

Why not talk it over at once?

Carried in stock by us in following sizes, 10 panels to a bundle. There is an extra charge for breaking bundles.

The Beaver Boarded room looks inviting and comfortable. Painted instead of papered, the walls and ceilings have a truly artistic appearance attractively emphasized by the paneled arrangement, which may be as pronounced or unobtrusive as you like.

Compare the dirt, muss, litter and confusion of the old way with the speed, cleanliness and simplicity of finishing the room the Beaver Board way. Beaver Board comes all ready for immediate nailing to the studding or over the old plaster. It may be painted as soon as nailed in place. When the decorative strips are applied the room is ready for immediate use.

Beaver Board is moisture proofed and protected by the atmosphere changes. The tendency to warp or bulge.
